We would like to introduce our newest addition to the Accent on Hearing team Dr. Sabina Scott.

Dr. Scott was born in Texas but has called Colorado home for decades. She has been living and working in beautiful Castle Rock since 2012.

She enjoys keeping busy with her big, blended family that includes her three beautiful daughters, one son, her husband, Justin, and their very fluffy cat named "Bug." Dr. Scott loves to be active and enjoys all that Colorado has to offer; long-distance running, rock climbing, hiking, skiing, camping, gardening, and paddle boarding.

Dr. Scott is on a mission to provide high quality comprehensive and professional Audiology services and is looking forward to supporting you on your hearing loss journey!
